## Nazarenes Break Ground For New Church

One hundred and fifty members of the congregation of the Church of the Nazarene were on hand Sunday afternoon when the ground was broken at the site of the church's new \$135,000 edifice at 1431 N. Ellsworth Ave. Construction of the new building is scheduled to start the last

week in May. In the picture above, taken at the ground-breaking ceremonies, the members join in singing a hymn after Roy Shoff, building committee chairman (with shovel), had turned over the first spadeful of dirt. Others in the foreground are (l. to r.) the Rev.

Arthur Warren, Lyman Miller, fund treasurer; James McLaughlin and Oscar Clay. In background (at left) are Alvin Barton, Sunday School superintendent; Eldon Bentley, trustee and church treasurer; Edward Shoff, trustee; and Glenn Thorne, trustee.

## Says Russia Will Meet Force With Force

## Khrushchev Warns Of Separate Pact

MOSCOW (AP)—Soviet Premier Khrushchev declared today that the Western powers will lose even their rights to fly into Berlin if he signs a separate peace treaty with East Germany. And he warned the Soviet Union is prepared to meet "force with force".

Outlining the Soviet position for the summit meeting, Khrushchev

repeated that "of course we shall go it alone" and sign an East German peace treaty if the Western powers "ignore the issue contrary to common sense."

But he said that "the Soviet government believes that common sense will prevail."

The Soviet leader spoke at a jubilee celebration of the 40th anniversary of the Azerbaijan Communist party, was reported by the Soviet news agency Tass.

Khrushchev told his audience that a peace treaty with East Germany—which he refused to recognize as a sovereign state—would put an end to the World War II surrender terms.

This is the position he has taken all along. But he went further to mention the airlines, which the Western Allies are believed to be planning to use—as in the 1948 airlift—if East Germany takes over the land routes.

"If the Western powers do not choose to sign a peace treaty, that would not entitle them to the rights they want preserved. They would naturally then forfeit the right of access to West Berlin by land, water and air," he said.

Berlin, 100 miles from West Germany, is surrounded by the Communist East. The United States, Britain and France have stationed troops there as an outpost of the West since World War II.

Western leaders have insisted they will not negotiate with Khrushchev under the threat of any Berlin ultimatum.

## Officers For Memorial Day Event Named

Carl Burcaw and Harold D. Huttenhower have been named chairman and secretary-treasurer, respectively, of the Salem Memorial Day Association to plan for the city's May 30th observance.

Lester Brantingham of the American Legion was elected president of the day and G. M. Sutherland of the Veterans of Foreign Wars, marshal of the day.

Stuart J. Satullo, past national commander of the Amvets, will be speaker at Grandview Cemetery. Chaplain for this service will be named later.

The American Legion will secure a speaker for Hope Cemetery and a chaplain will be arranged for by the Sons of Union Veterans.

Mike Oama of the Amvets was appointed to arrange for chairs for the services at both cemeteries, and Edward Furrer and Leon Davis will be in charge of transportation for those who can't march in the parade.

The secretary was instructed to purchase flags for the cemeteries and to contact the students who will be speakers.

Members of the Daughters of the American Revolution and the Daughters of Union Veterans will make a garland for use at Hope Cemetery. M. W. Luce of the Amvets heads a committee to secure bands for the parade.

Mrs. Richard Kilbreath, representing the Salem Girl Scouts, reported that arrangements had

## 3 Injured In Road Mishaps

Canton and Salem Women Are Victims

Three persons were injured in traffic accidents investigated over the weekend by State Highway Patrolmen of the Lisbon barracks.

Most seriously injured was Mrs. Lillian Ackerman, 50, of Canton, who suffered a broken neck in a three-car accident on Rt. 62, four miles east of Salem at 2 p.m. Sunday.

Patrolmen said she was a passenger in a car driven by her son, Robert Ackerman Jr., 19, which was party to a chain-reaction type collision. They said car driven by Robert Sciarini, 21, of New Philadelphia, and young Ackerman stopped for a line of traffic ahead when Ackerman's car was hit in the rear by one driven by Ernest Shoff, 30, also of Canton. Impact of the collision sent Ackerman's car into the one driven by Sciarini.

Mrs. Ackerman was brought to Salem City Hospital from where she was transferred to Youngstown Northside Hospital for further treatment.

Mrs. Ackerman was en route to Salem to visit a sister, Mrs. Mabel Duncan, 690 N. Lincoln Ave. Shoff was charged with failure to stop in the assured clear distance.

In an accident Saturday at 11 a.m., Mrs. Debbie Miller, 52, of 963 E. 5th St., Salem, suffered bruises of the knee and cuts of the forehead when the car in which she was riding as a passenger left Altemate Rt. 14, one mile east of Salem, and hit an embankment.

Driver of the car was her son, Norman Miller, 19, who was charged with reckless operation, patrolmen said.

Mrs. Miller is reported in fairly good condition at the Central Clinic.

Also injured Sunday was Richard Stapel, 17, of New Brighton, Pa., who suffered cuts of the fingers when the car in which he was riding left Rt. 154 about three and one half miles east of Rogers, rolled over twice and into a second car driven by James Moore, 36, of East Palestine.

Patrolmen said the first car was driven by Nicholas Bilotto, 18, also of New Brighton. Stapel was treated at Salem City Hospital and released.

Bilotto was charged with reckless operation, patrolmen said. The accident occurred at 12:40 a.m.

## Three Fires Halted At East Palestine

EAST PALESTINE — Wind carried cardboard cartons being burned Sunday behind the new shopping plaza on E. Taggart St. onto the wooden bed of a truck parked nearby, causing approximately \$100 damage.

The vehicle, owned by the Figley Brothers, local contractors, had straw brooms in the truck which readily caught fire.

Firemen were called to extinguish two other fires yesterday. A car, owned by Clyde Kennedy of Park Ave., caught fire while he was driving it near his home. Damage was estimated at \$25. The other was a minor brush fire at Neely Manor.

## Koreans Renew Demonstrations Against Rhee

Tear Gas Fired by Soldiers; Martial Law Reinstated In Seoul

SEOUL, South Korea (AP)—Tear gas and gunfire exploded again in Seoul tonight as Koreans renewed their demonstrations against President Syngman Rhee and his vice president who, many claim, was elected through fraud.

For the first time since last week's riots took 130 lives, crowds gathered in the streets to demand the resignation of the 85-year-old President and his running mate, Vice President Lee Ki-poong.

A crowd of a few hundred students tried to break into the vice president-elect's home, and gunfire broke out. Apparently the shots were blanks, fired either by the soldiers enforcing martial law or the police.

### Several Persons Injured

Several persons were injured in this clash. A report that three demonstrators had been killed as distributed by the Hapdong News Agency, but withdrawn later. Hapdong said the information was not borne out.

Seoul was placed under second-degree "security martial law" during the day, but full martial law was reinstated tonight.

Soldiers with gas masks and fixed bayonets fired tear gas into one crowd of 5,000 students and civilians led by 200 middle-aged college professors who marched on the National Assembly building.

The crowd called for the resignation of Rhee, all Supreme Court justices and all members of the Assembly. It fell back, apparently stunned, when the soldiers used tear gas. Most seemed to have believed the soldiers were on their side. Three medium tanks rumbled into the streets, guns trained on the demonstrators.

### Rejection of Rhee's Plans

The renewed demonstrations in effect were a noisy popular rejection of President Rhee's plans to bring political peace to South Korea.

Rhee has promised to run the country as a nonpartisan president, surrendering his leadership of the Liberal party. But he showed no inclination to give up his autocratic powers. He is under heavy criticism for failing to call new elections.

Hours after the march began to the Assembly building, more than 2,000 remained massed in the area, guarded by cordon of about 300 infantrymen. In the distance, tanks could be seen blocking the streets toward the Capitol and Rhee's presidential palace.

Kwak San-hoon of the minority democratic party told the National Assembly that "Rhee should apologize to the entire nation" for the wholesale police shooting of antigovernment demonstrators last Tuesday.

The rioting stemmed from charges that the mid-March election was rigged.

ALLIANCE DEATH CAR — Only junk remained after an Alliance couple's car went over an embankment and struck a concrete culvert on Rt. 80, south of Alliance, Sunday. Raymond Parks, 40, and his wife, Virginia, 39, of Alliance were killed.

## 5 Die as Plane Falls on Auto

3 Other Passengers In Car Injured

COLUMBUS, Ohio (AP)—Death came from out of the blue Sunday when a single-engine airplane plummeted onto a moving auto.

The two occupants in the plane and three in the car perished in the flaming explosion that followed.

Three other car passengers escaped death but were injured. The accident happened as the car cruised on busy U. S. 40 about 17 miles east of downtown Columbus.

Both plane and car burned fiercely while a woman passenger in the auto, Mrs. Dorothy Vingle, 49, pulled three of the dead and injured from the vehicle. She asked someone to call a priest. "I don't care if they are dead," she was heard to say. "I don't want them to burn."

At least one of the car passengers was thrown from the wreck.

The dead are: Mrs. Vingle's son, Jim, 14. Her daughter, Mrs. Rita Cecile Lyle, 20.

Mrs. Vingle's sister, Mrs. Julia Jacques, 58.

The pilot, Delbert Charles Stiles, 23.

His wife, Monalee, 22.

All were from Columbus.

Surviving the crash besides Mrs. Vingle were her son, John, 22, the

## Boy Hit By Auto In Improved Condition

Thomas Greathouse, two-year-old son of Mr. and Mrs. Mose Greathouse of RD 1, Hanoverton, is reported to be improved and in fair condition today at the Central Clinic after being struck by a car Friday evening on Rt. 172 in New Garden.

He suffered possible head injuries and bruises.

## Desperadoes Terrorize Fishermen

## Shipwrecked Pair Kills Rescuer, Steals Boat

NASSAU, Bahamas (AP)—Two shipwrecked Americans plundered their rescuers, shot a charter boat skipper to death and made off with his boat in a piratical exploit at a lonely Bahama island Sunday.

The pair fled into Cuban waters while an unarmed U.S. Coast Guard plane hovered overhead, powerless to interfere.

Another Coast Guard plane rescued the wife of one fugitive, a crewman of the stolen Isla Morada, Fla., cabin cruiser Muriel III, and four Pennsylvania sport fishermen who told of being terrorized by the desperadoes' debate over whether to kill all witnesses to the slaying of Capt. Angus Boatwright, 55.

The woman gave her name in Nassau as Barbara Table, 18, and Transportation to Youngstown near Miridian Rd. Ed 2-4701.

## Auto Plunges Over Embankment

## Car Hits Culvert, Alliance Couple Die

ALLIANCE — A man and wife, parents of four, were killed here Sunday, when their car went off an embankment and struck a concrete culvert.

Raymond Parks, 40, and his wife, Virginia, 39, were the victims. They lived at 1002 Harrisburg Road, Stark County sheriff's deputies

reported the Parks auto left 150 feet of skid marks on the pavement, went off the right berm and through a guardrail, taking out three concrete posts, then went over the embankment and sailed through the air another 100 feet before it hit a tree which sheared off the auto's top.

After the car struck the tree the victims were thrown out. The car continued another 60 feet and hit a big concrete block covering a culvert with such force that it split the block and tore away a large chunk which was buried 20 feet.

Deputies said a driver following Parks said Parks had passed him and attempted to pass the car ahead of him but had to swing back because of a southbound auto.

Parks was northbound on State Route 80 about two miles south of here when the crash occurred.

Francis Dailey, driver of the lead car in the northbound line told deputies he saw the headlights of Parks' auto in his rear view mirror as the car swung in behind him at the same time he first noticed the southbound car.

Dailey said he applied his brakes slightly and the Parks car struck his auto, smashing the right rear fender. Then Parks car disappeared over the embankment, Dailey said.

Parks was a salesman for Dailey who is an automobile dealer in this area.

## Speed Meter Trips Additional Drivers

Nine motorists paid \$15 forfeits in Mayor Dean Cranmer's traffic court Saturday after being arrested by city police using the speed meter again.

Arrested were Robert J. Englert, 62, of 271 W. 8th St., James E. Pandolph, 19, of 836 E. 3rd St., Everett W. Clemons, 46, Lake Milton; Walter DiSilvio, 47, of Warren; Pearl Brown, 39, Berlin Center; Maynard Buck, 64, Niles; Don Davis, 32, Canton; Grover W. Smith, 44, Warren, and Charles W. McVickers, 33, Canton.

Joseph E. Durett, 33, of Warren was sentenced to jail for three days and fined \$150 and costs on a charge of driving while intoxicated. He was arrested Saturday by city police.

Robert Mamaw, 21, of Columbiana, was fined \$15 and costs on a charge of failure to stop in the assured clear distance. Merle E. Bowen, 18, of RD 1, Salem, was fined \$10 and costs on a similar charge.

## Schools Fall, Hundreds of Children Die

Aid Rushed to Area; Unofficial Estimates Set Toll Much Higher

TEHRAN, Iran (AP)—A giant earthquake has devastated the south Iranian city of Lar. The death toll in Lar and neighboring villages is estimated officially at 1,200 to 1,500. Unofficial estimates range to 3,000.

The quake struck Sunday. Destruction of two school buildings trapped many children in this most ruinous disturbance of the earth's crust since 12,000 were killed in Agadir, Morocco, the night of Feb. 29.

### Assembled in School

The children had assembled in the schools for children's day celebrations. Rescue workers recovered 380 small bodies from the debris.

One hundred bodies were found elsewhere in a continuing hunt through the city of 17,000. Of Lar's police force of 55 men, only one was said to have survived.

Gov. Nosrat Qarib reported the city destroyed.

"The town's strongest building—my own office—has toppled," Qarib said in the first report announcing the disaster. "Nothing can be seen because of the billowing cloud of dust. Please rush food and tents."

Shah Mohammed Reza Pahlavi ordered quick relief measures. Iranian air force planes parachuted flour, sugar and eggs into the area and set up an airlift to ferry in other food, medicine and tents.

### U.S. Pledges Aid

The U. S. government was the first foreign government to pledge aid. It made 100 tons of flour quickly available.

Queen Farah ordered government authorities to bring to her Tehran orphanages all the children of Lar who lost their parents in the quake.

Lar is 550 miles south of Tehran.

Special trains and other conveyances moved injured victims to a city hospital in Shiraz, 170 miles north of Lar.

The village of Gerash, 15 miles south of Lar, also was completely destroyed. The village had a population of about 1,000 and "only a few hundred survived," authorities said.

The first shock struck about 4:15 p. m., sending most of the buildings in the city crashing down. Officials reports most persons inside at the time were killed.

A second quake hit about six hours later and reportedly destroyed what had been left standing.

Rescue workers who reached Lar this morning feared the only survivors would be those who were in the open air and away from buildings when the first quake struck.

Seismologists in Norway said the Lar quake registered on their instruments stronger than the quake which shattered Agadir.

## What's Excitement? 'Victim' Inquires

EAST PALESTINE — An abandoned bicycle and tracks leading into a deep drainage pond at City Park yesterday caused considerable excitement and led to an intensive search for 13-year-old Ray Harper of the State Line Rd.

After police identified the bicycle by its plates as belonging to the Harper boy, they checked his home and found out from Mrs. Harper that he recently had gone out on his bicycle.

Police summoned firemen who used a public address system to call for the youth. Thirty minutes went by — still no answer from Ray Harper. A decision was made to pump the water from the pond.

Just before the pumps were brought in, Ray showed up at the park to check on the excitement. He had been visiting at a friend's house nearby.

## For You Who Think Everything Must Be Nailed Together

Want to let everyone know what a rank amateur you are? Just nail everything together. Anything you make or repair—chairs, tables, shelves—just about anything.

But if you want your work to have a finished appearance, and

incidentally to be a good deal stronger, use wood screws.

They'll provide greater holding power, permit you to take the work apart and put it back together again. They'll hold if the pull of the load is along the length of the screw, while nails would pull out.

THERE'S A WIDE variety of screws available. They're designed according to type of head, material, thickness and length. The types of heads are round, flat and oval with a single slot. The Phillips screw has the same types of heads but is cross-slotted, requiring a special screwdriver.

Flat and oval head screws are countersunk flush with the surface of the work. Round heads must remain exposed. The flat head screw may be driven below the surface also, and concealed with plastic wood of some other filler.

WHEN FIGURING LENGTH, measure the full length of a flat head screw, measure a round head screw from the base of the slot to the end of the screws.

Thickness is indicated by number. The numbers indicate a thickness variance of about 1-64th in. A number 5 screw is about 1/8 in. thick, a number 6 about 9-64th in.

Use thin screws in hardwood, thicker screws in softwood.

But drill a larger hole in hardwood than in softwood. In any soft or medium soft piece of wood, drill a short hole for starting purposes only. You can force the screw in the rest of the way with a screwdriver.

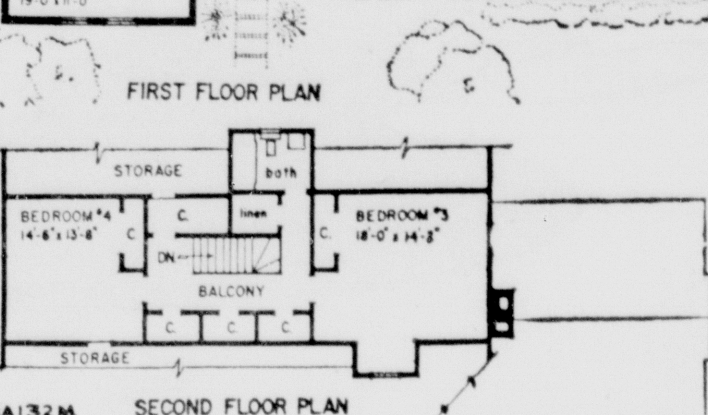

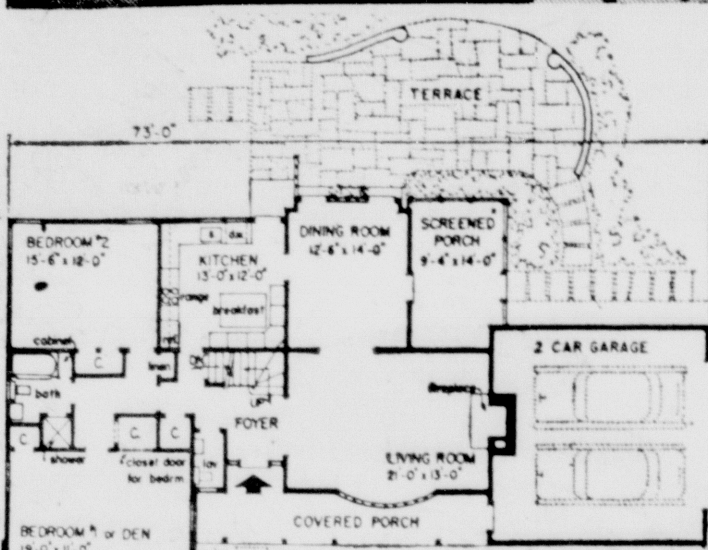

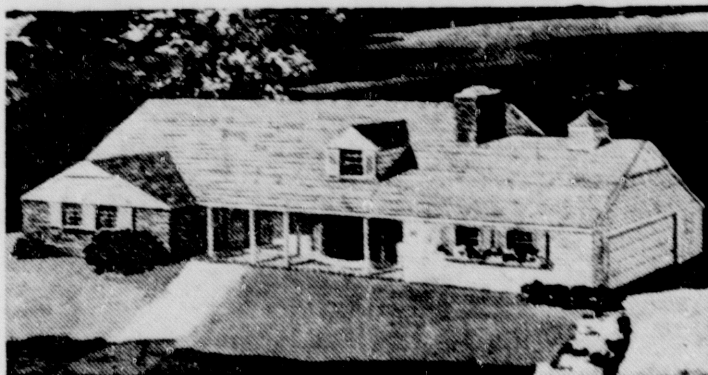

IN HARDER WOODS you'll have to drill a deeper hole. It will also be necessary to drill into the second board if you are fastening two boards together. Don't attempt to pull boards together with the screw alone.

The hole in the top board should be big enough for the shank (the thickest part) of the screw. The hole in the lower board should be of a smaller diameter than the threads and only about half their length.

Pick the right size screwdriver if you want the job to go easily. The right size is one that fits the slot in the screw neatly, snugly.

ONE THAT DOESN'T fit will chew up the head of the screw, can make it impossible to get it all the way in or to withdraw it later.

If you have a lot of screws to drive, get a screwdriver bit for your brace and speed up the work.

HOUSEFUL OF FEATURES — This attractive house is ideal for the young family which wants to expand its home as additional room is needed. The basic house has two bedrooms on the main floor, plus kitchen, dining and living rooms and screened porch. There's room for two more bedrooms on the second floor. The house has a covered porch, terrace, large central foyer and open stair, lavatory at foyer and built-in breakfast nook. Architect Rudolph A. ## County Primary Recommendations

Aside from the state and district primary contests, Columbiana County voters a week from Tuesday will pick Republican and Democrat candidates who will face each other in next fall's general election.

Both parties have four primary contests, with the state representative and county commissioner races expected to arouse the most interest.

The county is entitled to two representatives for the 1961-1962 term because of a population reapportionment.

On the Republican slate, Veteran State Representative Clarence (Dutch) Wetzel has opposition from Assistant Prosecutor J. Warren Bettis of Salineville, former Auditor I. J. Vorndran of East Liverpool, Atty. Delmar T. O'Hara of Wellsville, who served one term as state representative, and Kenneth E. Bell of RD Columbiana, a lumber dealer.

Voters will make no mistake in re-nominating Mr. Wetzel, who is completing his fifth term. He is a popular and industrious member of the Ohio legislature. Of the four other candidates we feel that Mr. Bettis would make the best running mate for Mr. Wetzel.

For county commissioner, there are two to elect, with nine seeking the nomination. The outstanding candidate is former Commissioner Galen Greenisen, prominent Salem district farmer who is thoroughly familiar with county operations through long service as an office holder. Incumbent Walter A. Hunston is being challenged also by a former

commissioner Clarence Robinson of Lisbon, who served well when he was in office a number of years ago. Ford McQuilken, Homeworth lumber dealer, another candidate, has never held public office before but his experience as business management makes him a good contender for the nomination.

Of three Republicans seeking the nomination for recorder, Richard T. Mason, Center Township clerk and former superintendent of the R. Thomas & Sons Co. in Lisbon, is our choice.

On the Democratic ticket, six are seeking the two nominations available as state representative. The outstanding candidate is Benjamin Barrett of Salem, a teacher at Salem Senior High School and former football coach. Mr. Barrett, who has taught U. S. government, history and social studies for the past 27 years, has a sincere interest in good government and would work toward that goal if elected.

For county commissioners, the Democrats have eight aspirants. We recommend R. Max Gard of Lisbon, who is completing his first term, and Robert Barnett of Knox Township, a prominent turkey and dairy farmer.

Republican Sheriff Russell VanFossan is unopposed at the primaries but the Democrats have five seeking the nomination. Albert Kittridge of East Liverpool, with many years' experience in police and investigations work, seems to be the best qualified.

## Fidel Castro and the Press

Of all the wild charges flung at the United States in the tirades of Fidel Castro, the one most neatly answered by the State Department compared this country's policies with Hitler-Mussolini fascism.

The rebuttal: "It is difficult to understand how Premier Castro can make such reference when 95 per cent of the Cuban press is under government control."

There is no better test of a regime's intentions than its recognition of the importance of a free press.

IF ITS intentions are democratic, it will recognize the importance of an unfettered flow of information — complimentary or not — through the lines of communication to the people.

## No Damage Done

A few personal feelings were hurt but no damage was done recently when Common Pleas Judge Joel H. Sharp refused to certify the county's 1959 financial report filed by County Auditor Kenneth Bell.

It all started when the veteran jurist couldn't comprehend the report as submitted because all receipts and expenditures were not itemized and, therefore, he was reluctant to certify that the statement was correct.

The best legal minds are rarely skilled as certified public accountants. The judge admitted that, reluctantly, he did pass judgment on a similar report a year ago by Republican Auditor I. J. Vorndran. Mr. Bell is a Democrat.

The current report is supposed to show that Columbiana County offices were operated at less expenditure last year than during the previous one and it was only natural that the Democrats take pride in this accomplishment.

Judge Sharp is to be commended for not affixing his signature to a document he did not fully understand.

Auditor Bell is to be commended, too, for the fine job that he has done in his first year in office.

A hearing, with the auditor, treasurer and prosecutor present, ought to clear the statement so that it can be published. The public is entitled to see it.

## Once Over

Uncle Sam could summarize Castro routines this way:

He slugs at us with might and main  
Each hour brings a "Down the drain!"  
He lashes all from A to Z

And cries, "The world is fighting me."  
Harry Truman says he has deep sympathy for anybody who occupies the White House. (Okay, drop that rock!) . . . "My Fair Lady" went over so big in Moscow that in order to exceed the welcome, President Eisenhower will have to have Eliza Doolittle and Henry Higgins in his party. . . . International small car show in New York gave police a lot of trouble. They had to be alert to stop shoplifters. Found one visitor leaving with two imported station wagons under coat.

ONE TROUBLE the truant officer has today is facing up to the fact the kids play hockey in hotdogs. . . . DuPont stock has dropped over 75 points in the year. Some of the stockholders are now more explosive than company's products. Stock would go up if DuPont chemists could come up with something to make Washington lawsuits disappear. The New Haven Railroad has sold the famous Boston South Station. Can't help wondering if the transaction papers got in late. . . . Fidel Castro's hysterical charges against all opponents remind us of Jim Barton in old vaudeville routine where in fight after fight with peaceful opponents he cried, "He pulled a knife on me."

Ten year high for vanity, laughs and poor taste was on recent TV interview where a writer (middle-aged and not easy on the eyes) told boastfully how he resisted spell of Mar-

## The Mailmen March

Salem's letter carriers will make their appointed rounds as usual Tuesday.

That in itself is not unusual because even sleet and snow fail to deter the mailmen from keeping their schedules, but this time the carriers will retrace their steps Tuesday evening to collect Cancer Fund contributions at homes where porch lights are burning.

The weary mailmen are certainly doing their part to help a worthy cause. Will you do yours? Donations are needed to wage a successful research campaign against the dread disease.

Ed Padula, producer of new hit "Bye, Bye, Birdie," is a former stage boss who made good in the upper brackets. Hundreds saw possibilities of top comedy in Elvis Presley bobby-soxers but it remained for Padula to get a script.

## Bane of High Taxes

By RAYMOND MOLEY

republic four years ago with a violent anti-taxing political movement.

Both the United States and Britain have serious difficulties with high taxes based on income.

THIS FACT is reflected in the need for steadily strengthened tax-law enforcement. H. Allan Long, who heads Internal Revenue's Intelligence Division, makes this clear in the current FBI Law Enforcement Bulletin.

Back in 1913 Congress imposed a modest tax of 1 per cent on net income and a surtax, graduated from 1 to 6 per cent on income exceeding \$20,000. Evasion and avoidance commenced immediately.

Serious complaints of tax frauds and dishonest employees brought about the transfer of six post office inspectors to the bureau to form

a nucleus for an intelligence division. Over the years, as the income tax rose, the numbers of agents needed to apprehend those who would defraud increased until today the division has 1,500 trained technical employees, most of whom are either accountants, attorneys, or both.

Director Long says that this is not the entire story: "Actually, when we take into consideration the many Internal Revenue Agents (Audit Division), Revenue Officers (Collection Division), and representatives of the International Operations Division, both here and abroad, we have about 18,000 trained men who cooperate and coordinate their examinations."

Who does the defrauding? A minority, but a growing minority. Membership in the club is open and on the rise. There are those with Park Avenue addresses, and those with desirable addresses, those with an Ivy League background and those with something less than an elementary school education who qualify. The dishonest are to be found among frequenters of pool-rooms as well as among country club members.

DURING FISCAL 1959 the Division's agents investigated more than 25,000 cases, resulting in 1,640 prosecutions, recommendations: 1,187 indictments, and 931 convictions. These covered the spectrum of American life. A Bronx porter drew three years on probation when he pleaded guilty to listing his pet dog "Duchess" as a dependent, "Doris, daughter."

Tax experts were convicted for aiding in the preparation of false and fraudulent returns. Those apprehended included labor leaders and corporation executives, gamblers and public officials, doctors and lawyers, little men and big men.

Since morality is indivisible, this decay of honesty in paying taxes will weaken all decent dealing among men. As Commissioner Dana Latham pointed out, "Any time it becomes 'fair game' to defraud the government of taxes due, then our voluntary assessment system breaks down and, as a nation, we are in trouble."

Senator Gives Views on Religious Issue

A rare spectacle in American politics occurred here Thursday as a U. S. senator bluntly and emphatically told the annual convention of the American Society of Newspaper Editors that he would not allow the Roman Catholic Church to influence him if he were elected President of the United States.

Sen. John F. Kennedy of Massachusetts, Democrat, made an impressive and stirring plea for the squelching of the "religious issue" in American campaigns.

"I am not trying," he said, "to be the first Catholic president, as some have written. I happen to believe I can serve my nation as president — and I also happen to have been born a Catholic. Nor am I appealing, as is too often claimed, to a so-called Catholic vote."

SEN. KENNEDY criticized the press for giving so much space to the "religious issue" in connection with the Wisconsin primaries, and for failing to report comprehensively what he said on the farm question, disarmament, taxes, inflation, defense, foreign policy and kindred subjects of political debate.

He complained that in West Virginia people who hadn't thought about the "religious issue" now were reading extensive articles about it. He deplored the emphasis given the question, though he absolved the press of any blame in creating the issue. He said:

"My religious affiliation is a fact — religious intolerance is a fact. And the proper role of the press is to report all facts that are a matter of public interest. . . .

"Is the religious issue a legitimate issue in this campaign? There is only one legitimate question underlying all the rest: 'Would you, as President of the United States, be responsive in any way to ecclesiastical pressures or obligations of any kind that might in any fashion influence or interfere with your conduct of that office in the national interest?' I have answered that question many times. My answer was — and is — 'No.'"

"Once that question is answered, there is no legitimate issue of my religion. But there are, I think, legitimate questions of public policy — of concern to religious groups which no one should feel bigoted about raising, and which I do not object to answering. But I do object to being the only candidate required to answer those questions."

"FEDERAL ASSISTANCE to parochial schools, for example, is a very legitimate issue actually before the Congress. I am opposed to it. I believe it is clearly unconstitutional. I voted against it on the Senate floor this year, when

offered by Sen. Morse. But, interestingly enough, I was the only announced candidate in the Senate who did so. Nevertheless I have not yet charged my opponents with taking orders from Rome."

"An ambassador to the Vatican could conceivably become a real issue again. I am opposed to it, and said so long ago. But even though it was last proposed by a Baptist president, I know of no other candidate who has been even asked about this matter."

The last sentence was doubtless a slip. For in the same speech later on Sen. Kennedy said he didn't want to be known as a "Catholic candidate for president."

He said: "I do not speak for the Catholic Church on issues of public policy — and no one in that church speaks for me." It would have been better, therefore, if he had referred to Mr. Truman as "a President who happened to be a Baptist."

On birth control, Sen. Kennedy was outspoken. He said that while the prospects of such a bill coming before any president were remote, nevertheless he would "neither veto nor sign such a bill on any basis except what I considered to be the public interest without regard to my private religious views. I have said the same about bills dealing with censorship, divorce, our relations with Spain or any other subject."

THE MASSACHUSETTS senator's voice rose as he made this point about the effect of "the religious issue" in external affairs: "Are we going to admit to the world that a Jew can be elected mayor of Dublin, a Protestant can be chosen foreign minister of France, a Moslem can serve in the Israeli Parliament — but a Catholic cannot be President of the United States?"

"Are we to tell Chancellor Adenauer, for example, that we want him risking his all on our frontlines, but that — if he were an American — we would never entrust him with our presidency — nor would we accept our distinguished guest, General De Gaulle?"

"Are we to admit to the world — worse still, are we to admit to ourselves — that one-third of our population is forever barred from the White House?"

"So, I am not impressed by those pleas that I settle for the vice presidency in order to avert a religious spectacle. Surely those who believe it dangerous to elect a Catholic as president will not want him to serve as vice president, a heart-beat away from the office."

When the speech was concluded, and the senator was given a round of applause, the presiding officer called for questions from members of the society. There was an absolute silence. Apparently Sen. Kennedy had answered, for the time being at least, every newsworthy question pertaining to "the religious issue."

## This and That

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

The best way for wives to cut down their years of widowhood is to start taking better care of their husbands now. The average wife at present outlives her husband eight years.

The chances of a woman over 65 finding a new husband in that age bracket are getting slimmer all the time. For every 100 men in the post-65 group today there are 120 women. By the year 2000 the figures will be 145 women to 100 men.

Maybe that's why half of all U. S. brides now marry in their teens. The odds of finding a man never will be more in their favor.

## Matter of Fact

A strange plague called the "sweating sickness" swept England for a few years and then disappeared forever. The disease was nearly always fatal, often in two to three hours. It struck England five times between 1485 and 1551, spreading to the Continent only once. The physician Galien noted the curious fact that it seemed to attack those people who led a lazy, luxurious life—especially idlers who frequented taverns.

The News invites letters from its readers on all important current topics, but the letters should be brief and not exceed 200 words and address of the writer to insure publication. Unsigned letters can not be published.

## Marbles Tourney At Columbiana Planned

COLUMBIANA — With a new bicycle as a prize, Columbiana Post 5532, Veterans of Foreign Wars, will sponsor a marbles contest for district elementary school children on Saturday, April 30.

Jack Krebs, immediate past commander of the York Drexler Post and chairman for the current project, said arrangements have been made with Columbiana Dixon, Fairfield-Waterford, Leetonia parochial and Leetonia Orchard Hill schools to stage preliminary events.

The top three winners of each school will compete in the finals to be staged at 10 a.m. Saturday at Firestone Park.

MRS. WALTER N. MILLER of 365 Firestone Ave. has been appointed to a steering committee which has scheduled a special luncheon meeting today in Lisbon to plan a county-wide meeting to develop a set of findings and recommendations for use by the Governor's Commission on Aging in Ohio.

Forty-five women from six counties, Columbiana, Stark, Mahoning, Jefferson and Knox, attended the Loyal Temperance Legion Workshop, sponsored by the Women's Christian Temperance Union, Thursday at the Salem First Friends Church.

Mrs. Clarine Burt of RD 1, Fredericktown, state LTL general secretary, was the instructor. Mrs. Donald H. Mayhew of RD 2, Salem, president of Columbiana County WCTU, gave an illustrated devotional talk on "Temptation," which was included in a camp day program demonstration.

# The Doctor Says

By HAROLD THOMAS HYMAN, M.D.

## Letters Discuss Bores, Manic-Depressives

I continue to get so many fascinating letters, I'm beginning to think the woods are full of potential columnists. Here are two recent examples that came in a single mail.

Dr. H. T. Hyman

An elderly lady from Morristown, N.J., who knew Dr. George Emerson Brewer, the distinguished surgeon who cared for President Theodore Roosevelt, recalls the following anecdote: "I made the remark to him one day," she writes, "that a certain mutual acquaintance bored me. He thumped his fist down on his desk and said:

"Don't ever let me hear you say that again. To be bored is a mark of your own mental inferiority. If a person bores you, make a study of him. Even if you have to spend a whole day with a deadly bore, try to find out just why he's such a bore!"

"And would you believe it," my correspondent concludes, "I've never been bored since."

THE SECOND LETTER is from a young mother of three who, like a sister in distress about whom I wrote some time back, has a manic-depressive mother-in-law

who came to live with her after being discharged from a mental institution.

"Will you tell your correspondent for me," she writes, "it's an experience she can well do without. If she were alone and wanted to be of service, well and good. But with small children in the home, I would urge her to have mother-in-law in her home for a weekend at most.

"My mother-in-law is a brilliant woman," she continues, "but to a mentally ill woman a lively household with three youngsters is just too confusing and upsetting. As proof of this, we've found that since we returned her to the state hospital, her periods of staying well are longer.

"THE HOSPITAL HAS the facilities to care for her and, when she's well, they give her a job on the grounds to keep her occupied. She's better off there than when she was with any of the family or at the boarding home we once put her in.

"If your correspondent feels guilty about not wanting her mother-in-law in the home any more," the writer concludes, "I can assure her that she'll feel worse if she keeps her.

"Not only will the whole household be emotionally exhausted but the mother-in-law will have to return to the hospital for treatment as soon as she shows signs of going into either a 'high' or a 'low' period.

"ONCE DURING a 'high' period, after nights with no sleep, my mother-in-law dozed off with a lit cigarette in her hand and almost burned the house down.

Later, in a 'low' period, she developed a persecution complex and told terrible lies to our neighbors about me and my husband.

"Now my husband agrees she shouldn't be in our home. Believe me, she's better off where she is and so, too, are we."

Dear Reader: Dr. Hyman appreciates your comments and questions but regrets that the heavy volume of his mail doesn't permit him to answer each individual letter or post card. However, he will comment in columns like the above upon matters of general or unusual interest.

# Ravenna Duracote Wins Little City Cage Tournament

## Defeats Akron Quintet 81-74

### Youngstown Squad Takes Third Place

By DICK BRAUTIGAM

Ravenna Duracote defeated defending champion Akron Joe's All-Stars 81-74 Saturday night to capture the 26th annual Little City Basketball Tournament played at the Memorial Building.

Youngstown Ed Menaldi Jewelers took third place by slipping past Twin City Elks of Farrell, 87-86 in the consolation game.

In the semifinals Saturday afternoon, Akron Joe's triumphed over Twin City 100-95 and Ravenna Duracote turned back Menaldi Jewelers 83-75.

Bill Reigel of Akron Joe's was named most valuable player in the tournament.

THE TWO finalists each placed three players on the 10-man all-tournament team. Honored from Ravenna were Gus Johnson, Charlie Boykin and Dick Dennis, Akron Joe's placed Charles Decker, Jim Darrow and Reigel.

Other members of the all-tournament team were Mickey Yagovich, and Lenny Nelson of Menaldi Jewelers, Billie Joe Hunter of Twin City Elks and Larry Zeh of Cornecki A.C.

Charlie Day of Salem Davidson Sales and Service won the foul shooting trophy by sinking 17 of 19 charity tosses.

THE APPROXIMATELY 200 persons who sat in on the finals Saturday night saw Ravenna outplay Joe's All-Stars, a team composed chiefly of players from the Akron Wingfoot team of the National Industrial League.

Ravenna's big men, Charlie Boykin and Gus Johnson, along with guard Clair Muscaro, the Ravenna High School coach, combined to give Duracote its scoring punch in the finals.

Johnson hooped 24 points, Boykin got 19 and Muscaro popped in 18. All-American Jimmy Darrow from Akron South High and Bowling Green University was Joe's leading scorer with 24 points. Reigel, who like Darrow is an alternate on the U.S. Olympic team, collected 18 points for the losers.

MUSKINGUM College's Lenny Nelson hit 31 markers to lead Menaldi Jewelers to its victory over Twin City Elks in the consolation battle. Billie Joe Hunter of Twin City led all scorers in the game with 35 points. Hunter, a Duquesne University product, notched 34 markers in the semifinals but which his team lost to Akron Joe's.

Reigel, the tourney's most valuable player, poured through 32 points for Joe's in the semifinals tilt. Decker had 20 markers and Darrow 17 in this fray.

Former Akron Central High School star Gus Johnson tallied 25 points in Ravenna's semifinals win over Menaldi Jewelers. Kent State's Charlie Boykin chipped in with 21.

Harold Davis was Menaldi's top point getter with 20. Youngstown University's Mickey Yagovich added 19.

The four teams who played Saturday were the survivors from an original field of 20 squads.

Officials for the tournament were Tom Nedelka, Al Carlos, Torch Nedelka, Bill Schaeffer and John Cabas. Dave Briskin, Tim Hendricks, and Tom Dahms served as timers and scorers. John Dawson was tournament director.

**WINS BOWLING TOURNEY**  
COLUMBUS, Ohio (AP)—Venice Pelton of Cleveland is the winner of the first annual Ohio State Ladies Singles Match Game Bowling Tournament with a score of 3128, or 137 pins better than her nearest competitor.

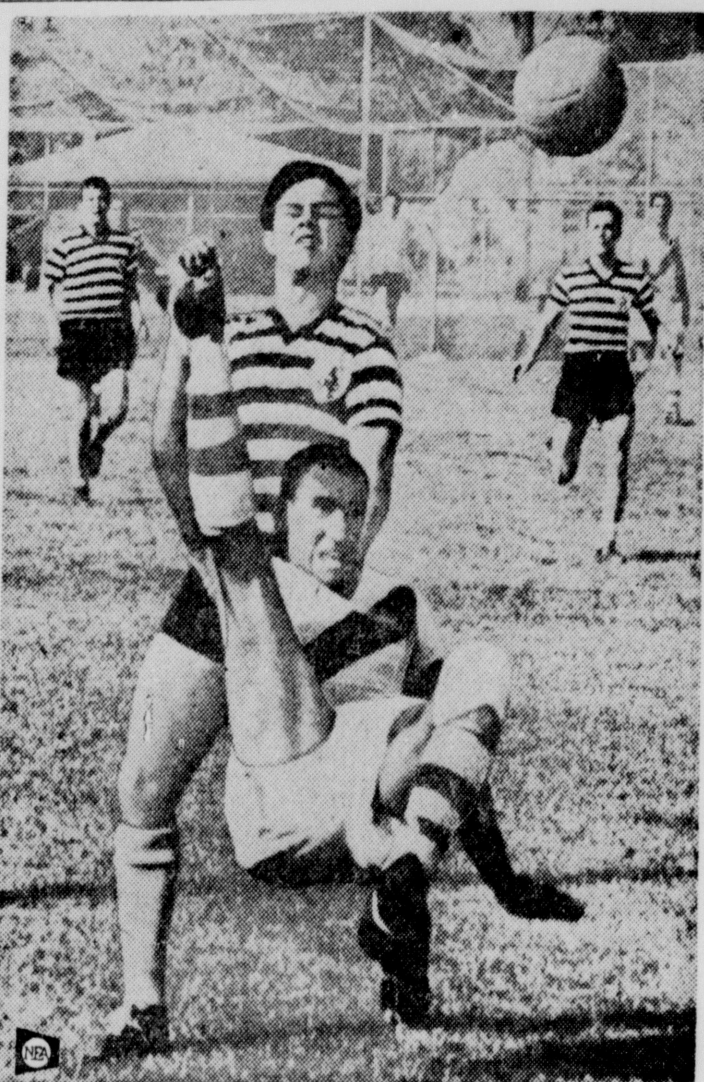

The winner's Cleveland teammates, Stevie Balogh and Sophie Cetinsky, took second and fourth place with 2991 and 2968, while Donna Zimmermann of Akron was third with 2974.

Each of the 64 contestants bowled 16 games in the two days of action which ended Sunday night.

## Hunter to Play With Ohio All-Stars In Saturday Game

Salem High's Dave Hunter will be playing for the Northeastern Ohio All-Stars when they take on standouts from western Pennsylvania Saturday at Farrell, Pa.

A week later, May 7, the two teams will meet at Warren Harding.

The all-star classic was inaugurated last year when Salem's John Cabas coached the Ohio team to a pair of victories over the Pennsylvania. One game was played in Farrell and the other at the Salem High gym.

Woody Deitch and Lou Slaby of Salem participated in last year's games.

Several members of this year's Northeastern Ohio All-Star team participated here last week in the Salem Little City Tournament. These include three all-state cagers, John Namciu of Canton Tim-

## Natural GOLF

By JIMMY DEMARET

### No. 1—The Basics

I want you to imagine that we are together. We've just settled ourselves comfortably, and we're going to talk sense about golf swings.

The first thing I want to say is that there is nothing fancy about golf swings. I can't stress this too much. Don't become entangled in impossibly complicated theories.

Sure, professionals teach theoretical refinements, but most of them are nothing more than complicated ways of saying something already put much more simply and emphatically.

Let the theorist throw the fundamental out of his swing. I tell you to take the same basic to the practice tee or the course and work on it.

Remember that the fundamentals are so few, really, and so utterly demanding, there isn't much to talk about, or much else you can afford time for.

To illustrate just how simple golf is, I'll take you back to my days as a caddy. In those days as in these, there were the usual awkward experiments. Then I turned professional and went to work for Jack Burke Sr., at the River Oaks Country Club of Houston. When I had a few minutes, and he had, too, he'd help me appreciate fundamentals.

Those mostly spontaneous get-togethers constitute my entire formal education in the proper way to swing a golf club.

So I tell you to first learn the fundamentals. Make sure you understand each and its relationship

Nothing fancy about swing

to the other. If you lived 100 years nothing you could do regarding the study of the swing would take you beyond basics.

After you master the basics, you will go as far in golf as desire will take you with practice.

## Pirates Blast Braves 7-3 To Take Over League Lead

By The Associated Press  
"They can't write us off. We were only three games out on the first of September."

Everybody smiled and looked wise when Danny Murtaugh, the Pittsburgh manager, boldly stated his case in March at Fort Myers, Fla.

Murtaugh's analysis looks solid at this early stage of the National League race. The season is only two weeks old but his Pirates are riding in first place.

## Finsterwald Wins Golf Tournament

NEW ORLEANS (AP)—There's nothing magic about the formula Dow Finsterwald used to win the \$27,000 Greater New Orleans Open. But it's proper application placed him among golf's two big money winners today.

The methodical 30-year-old veteran from Tequesta, Fla., blazed in with a 3-under-par 69 Sunday for a 72-hole total of 270, more than enough to break a 19-year-old tournament record.

Finsterwald had a 6-stroke edge over Al Bessellink, whose final round 70 and tournament total of 276 represented the Grossinger, N.Y. better's best showing in more than two years.

Former PGA champion Bob Rosburg and three others tied for third at 277. Jon Gustin of Gladwyne, Pa., fell next in line at 278 and Dick Knight of San Diego, Calif., was 8th at 279.

Finsterwald picked up a check for \$3,500, his first winning effort since the Los Angeles Open last January. But he has been to the pay window often on the present tour and his \$25,000 puts him behind only Arnold Palmer's \$44,000 for the year.

Just stay out of trouble and you can't miss, is the Finsterwald philosophy. He had only three bogeys in the tournament, a feat one PGA official termed incredible.

For a brief moment Sunday, Finsterwald abandoned his conservatism and turned gambler.

His teen shot on the first hole sliced into the woods and fell behind a forked tree. He could have played it safe but chose rather to slam through the opening and the ball dropped on the green 200 yards away, only 15 feet from the pin and his par 4.

## Dallas Tourney Won by Miss Suggs

DALLAS (AP)—Louis Suggs, the smooth swinger from Atlanta, showed them Sunday how a champion should finish a golf tournament.

She had seen a 5-stroke lead melt to 1 when she double-bogeyed the 11th hole of the final round in the \$10,000 Dallas Women's Open.

Then the defending champion pulled herself together and birdied four of the last seven holes to win the tournament by five strokes with a record 281 for 72 holes. She had a 1-under-par 70 on the final round over the rainswept 6,238-yard Glen Lakes Country Club course.

Mickey Wright from San Diego, also shot a closing 1-under-par 70 and finished second with 286.

Not only was Miss Suggs' 281 a record-bettering 284 with which Miss Wright won the Dallas tournament in 1958—but it was within two strokes of the all-time woman's record for 72 holes. Mary Lena Faulk of Sea Island, Fla., set the record at St. Petersburg, Fla., in 1957. Miss Faulk had 297 here to finish in a tie for sixth place.

The Pirates sneaked into the lead Sunday by knocking off Milwaukee 7-3 while the San Francisco Giants were losing to the Chicago Cubs 9-4. It was Pittsburgh's fifth straight victory and its eighth in 11 starts.

Once again it was Elroy Face walking from the bullpen to save the day. Harvey Haddix had been rolling along with a 7-0 shutout going to the ninth.

A double by Joe Adcock, a walk, a double by Johnny Logan, a sacrifice fly and another double by pinchhitter Mike Krisnich finished Haddix. In came Face to strike out pinchhitter Charley Lau and end the game by making Red Schoendienst ground out.

The Giants had a 4-2 lead going to the eighth when Billy O'Dell was replaced by Billy Loe. When the inning was over the Cubs had seven runs and the ball game. Don Elston was the winner.

Solly Hemus' St. Louis Cardinals won their fourth straight, after losing their first five, hammering Los Angeles pitching for a 7-2 decision. Ken Boyer hit his fifth homer and old man Stan Musial poked No. 2.

Eight homers were hit in the Phillie-Cincinnati doubleheader including a grand slammer by rookie Jim Coker in the Phils' opening 9-5 victory. Roy McMillan hit his fifth and Frank Robinson and Eddie Kasko each added their second of the day in Cincinnati's 10-4 second game triumph.

Fifteen homers were hit in the American, including three grand slammers by Albin Pearson and Billy Klaus of Baltimore and Lou Berberet of Detroit. Detroit remained unbeaten with five straight, trimming Chicago 12-4.

New York bombed Baltimore 15-9, scoring eight in the first before a man was retired. Cleveland won its first game 7-0 on Gary Bell's sixth hit shutout of Kansas City and Washington outlasted Boston 11-10 with Camilo Pascual working in relief.

## Mrs. Roose Named To Trapshooting Team

Mrs. G. A. Roose of Salem has been named to the women's All-America trapshooting second team by Jimmy Robinson, shooting editor of Sports Afield magazine.

Ohio placed six of its deadeye Dicks and Doras on the 1960 All-America teams. The Buckeye realm gained more places than any other state.

## LEADS IN BOWLING

HAMILTON, Ohio (AP)—The White-Gisinger team from Woster, which rolled 3070 back in February, still leads the handicap competition at the Ohio Women's Bowling Tournament.

Of 72 teams competing Saturday and Sunday, none menaced the early leaders. Five more week-ends will finish competition.

Ruth Little of Akron is still handicap singles leader with 703.

## Columbiana Wins Track Meet

### Scores Victory Over Leetonia, N. Lima

Columbiana's Larry Barnhouse captured three events to lead the Clippers to a track and field victory over Leetonia and North Lima Saturday at Columbiana.

The Clippers recorded 64 points, the Bears scored 54 and the Zippers picked up 18.

Barnhouse flashed to victories in both the 100 and 220-yard dashes and captured the broad jump with a leap of 19-4. His time for the century was 10.5. He was clocked at 23.2 in the 220.

Tom Logan was a double winner for the Clippers, coping both the discus and shot put events. His winning heave in the discus was 117-6 while his toss of 44-3 in the shot was the best of the afternoon.

The Columbiana mile and half mile relay teams also came out on top, giving the Clippers firsts in seven of the 13 events.

Bob Gullett placed the Leetonia team, The speedy junior won the 120-yard high hurdles, placed second in the 180-yard low hurdles and garnered a third place in the broad jump.

Terry Tilley of the Bears ran a 2:14 half mile to capture that event. Tilley also picked up a fourth in the 100-yard dash.

Other Leetonia winners were Eric Painter in the 440-yard dash, Wright in the mile and Miller in the low hurdles.

Dennis Klein picked up North Lima's only first when he captured the high jump with a leap of 6-1 1/2. Klein is one of the leading high jumpers in the state.

There was no pole vault competition.

## Salem Team 2nd In Bowling Tourney

Cedar Furnace of Youngstown is the leader after the third weekend of action in Timberlanes 10th Annual Five Man Bowling Tournament.

The Youngstown team has a 3105 score, tops among the 277 squads which have rolled. There are 655 teams entered in the tourney and Dean Myers of Timberlanes reports that entries are still being accepted.

A Salem team, Paul's Pennzoil, holds down second place with 3090 pins.

Others in the top 10 are Harper's Clothiers, Ravenna, 3072; Moose Welfare Club No. 1, Canton, 3042; B & W Five, Alliance, 3026; Ohio Leather No. 5, Girard, 2996; Valley Bowling Mart, Sharpsville, Pa., 2994; Core United Presbyterian Church, Weirton, W. Va., 2994; Sharon Radiator, of Sharon, Pa., 2990; and Tom's Express, Steubenville, 2985.

Pitching, Gary Bell, Indians—Snapped Cleveland out of four-game losing streak with six-hit shutout of Kansas City 7-0 for first Indian victory.

## Liston Meets Harris In Houston

## Heavyweight Contenders Tangle In 10-Rounder Tonight

By The Associated Press  
Sonny Liston doesn't intend to let dust gather on his gloves or watch his bankroll dwindle while waiting for a heavyweight title fight.

Unbeaten in 5 1/2 years, the husky, second-ranking challenger goes after his 22nd victory and a big purse tonight when he faces Roy Harris, the No. 6 contender, at Houston, Tex.

The 10-rounder at the Sam Houston Coliseum will gross around \$70,000 in Houston and will be beamed via closed circuit television to arenas in 10 other cities in seven states. The fighters will share in the TV deal, put together by the promoting Texas Boxing Enterprises and Giant View TV of Detroit.

This is the largest closed circuit hookup for a nontitle fight. The heavyweight clash will be shown on huge screens in the 10 other arenas and will top a live card of boxing in each place. On the network are arenas at Dallas, San Antonio and Odessa, Tex., New Orleans, Miami Beach, Mobile, Ala., Atlanta, Baltimore, Minneapolis and Milwaukee.

Liston, a husky, 25-year-old now fighting out of Houston, is favored at 2-1 and up odds. He has a 28-1 record, including 19 kayos.

Harris, of Cut and Shoot, Tex., has a 30-1 record, including eight kayos. The rangy, 26-year-old boxer's lone loss was on a 12th-round technical knockout to Floyd Patterson, then the heavyweight king.

After hitting one home run in last three years in majors, hit two as he won seven straight since then. Detroit thumped Chicago 12-4.

Henry Hank, hard-hitting middleweight contender from Detroit, takes on aggressive Rory Calhoun of White Plains, N. Y., in another top flight tonight at San Francisco. Hank has won six straight and could go all the way to the title if he gets a chance.

Two other interesting bouts are on tap for Tuesday. Young welterweight contenders Emile Grif-fith of New York and Denny Moyer of Portland, Ore., clash in a return 10-rounder at Portland, Ore. Griffith barely nosed out Moyer in a lively fight at New York last month.

Pete Rademacher, the 1956 Olympic heavyweight king who has been campaigning in Europe, takes on Brian London, the former British champion, at London, England. Both were stopped in title fights with former heavyweight champion Floyd Patterson.

## Palestine Trackmen Score In Relays

George Morris and Dick Libert scored 5 1/2 points for East Palestine in the Canon-McMillan High Relays at Canonsburg, Pa., Saturday.

Morris placed third in the broad jump and fourth in the 100-yard dash. Libert is tied for fifth in the high jump.

Mt. Lebanon, Pa., walked away with the meet, scoring 91 points.

Batting, Casey Wise, Tigers—After hitting one home run in last three years in majors, hit two as he won seven straight since then. Detroit thumped Chicago 12-4.

## Cleveland Wins First Game

Chicago Humbled  
12-4 By Detroit

By The Associated Press  
Early Wynn's second straight failure, the slugging of the Detroit Tigers and the performance of the New York Yankees' young pitchers cast a new light on the American League situation today after only one week of the season.

Wynn was slugged for six runs in the first inning Sunday as Detroit humbled the defending champion Chicago White Sox, 12-4. The 40-year-old right-hander who won 22 games for the 1959 pennant winners had been knocked out on opening day by Kansas City.

Record Crowd  
At Opening of  
Canfield Oval

A record opening night crowd of 9,300 persons witnessed the late model and modified "bomb" racing program Saturday night at the Canfield Speedway.

Mike Bice of Scio piloted his Edsel-powered "bomb" to victory in the modified feature, while veteran Wimpy May of Auburn Corners grabbed the late model finale in a 15-9 Chevrolet.

Several accidents marred the modified feature, which was restarted three times, but Bice steered clear to beat out Ernie Lowe of Akron. Gib Orr of Warren was top qualifier in the modified field with 17.89.

May edged Dave Hale of Akron with Bill Forney of Youngstown third. Roy Gemberling of Kent raced to top spot in the late model time trials in 19.36 in his 1956 Dodge.

Defending champ Dean Mast of Sugar Creek was back in action as was Baldy Baker of Strasburg, but engine trouble sidetracked both of them in the modified feature.

The 1959 new car champion, Nelson Stacey of Cincinnati, will be in the lineup when the MARC cars open the new car racing season at Canfield Speedway Saturday night. Stacey will be driving a 1960 Ford.

A 100-lap feature will be the headline attraction in action over the quarter-mile track. Some 35 new cars are expected to be on hand and just the 1958, 1959 and 1960 models are eligible.

and Charlie Maxwell—didn't hit a homer but the Tigers got help from an unexpected source.

Casey Wise, who hit one homer in the last three years in the majors, hit two. Lou Berberet, a 216 last year, hammered a grand slammer off Wynn, climaxing that big first inning.

The Yankees tried an American League record by scoring eight runs in the first inning before Baltimore could get anybody out. Although Jim Coates, an opening day winner, weakened and needed relief the issue never was in doubt in a 15-9 Yankee victory.

Cleveland finally got into the win column, shutting out Kansas City 7-0 on Gary Bell's six-hitter and Woody Held's two home runs. Washington had to call on Camilo Pascual in relief to hold an 11-10 decision over Boston.

The National League matched the American's total of 15 homers to make it 30 for the day, included four grand slammers. Three grand slammers in the American by Berberet and Albie Pearson and Billy Klaus of the Orioles tied the major league record.

Pittsburgh took over the National League lead by beating Milwaukee 7-3. The Chicago Cubs scored seven in the eighth, knocking San Francisco out of first place 9-4. Stan Musial and Ken Boyer homered for St. Louis as the Cardinals won their fourth straight, downing Los Angeles 7-2.

Rookie Jim Coker hit a grand slammer for the Phillies in their first game victory over Cincinnati 9-5 but the Reds took the second 10-4 on homers by Roy McMillan, Eddie Kasko and Frank Robinson.

Detroit has smashed 11 home runs in its last four games. Jimmy Dykes, the manager, must be wondering what is happening. A few days back there were rumors he was on the way out, now he is the only unbeaten manager in baseball.

**NEW CAGE MENTOR**

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm tortured with indecision. I don't know whether or not to marry the guy. I'm going to give you the straight story — then wait for the green or the red light.

I'm 23. Glen is 30. We've gone together a year. He was married briefly but never talks about the bustup. I don't know what happened. He's terrifically good-looking and well-built. He has a fast line of patter and a quick mind. At present he's a salesman — his third job since I've known him.

He's always short of money. I've made his car payments for the past four months. If he lost his car he couldn't work.

Glen is terribly jealous of me. If another fellow is even civil he

gets mad. When we aren't together he phones four or five times during the evening. He claims he's lonely. I think he's checking.

Now — on the positive side: Ann, I've been sitting here staring at this paper for fully five minutes and I can't think of ONE thing to say. THAT DID IT! You don't need to answer this letter. I'm seeing things clearly for the first time. You've helped more than you know. Thanks a million.—MEG.

#### Insecure Youth

Dear Ann: Will you please tell me what to do about a 16-year-old boy who is in the 10th grade, makes excellent grades, participates in basketball, football, track

and is popular, yet he sucks his thumb while reading and sleeps with his thumb in his mouth every night.

He has sucked his thumb since he was an infant. We thought he'd outgrow it. We've tried to shame him out of it by mentioning it in front of his friends but even that doesn't work. Please tell us what this means and how we can break him of this childish habit.—M.P.O.

#### Dear M.P.O.:

Thumb sucking is a symptom of emotional insecurity and is usually outgrown by the time a child goes to school.

Shaming, scolding, threatening and punishment won't break the habit. In fact, these techniques often work in reverse because they create additional discomfort and produce deeper anxieties.

Thumb sucking at all age levels should be ignored. Concentrate instead on giving the boy more attention, warm praise for jobs well done, more real love and less criticism.

#### Second Honeymoon

Dear Ann: Should a man who works hard all year, and looks forward to a two-week summer vacation, be expected to take his mother-in-law along?

Please don't misunderstand. My mother-in-law is a wonderful old

gal and never has interfered. My wife is her only child and although we live in the same block she never horns in or imposes her views on us. It's my wife's idea to take her along.

My point is this: My mother-in-law is a well-fixed widow who has traveled a lot more than we have and she's not hard up for a trip. I want a vacation with just my wife for a change.

If I'm wrong, say so. I find myself totally inept at handling this mother-in-law problem.—UNHAPPY HARRY.

Dear Unhappy: You don't have a mother-in-law problem, Harry. You have a wife problem. The little girl is hanging on to mommy's skirts. It's your job to give her enough emotional support so that she won't need to cling to Mom so desperately.

Tell your wife that you want to enjoy a second honeymoon this summer. If you use this approach, instead of embarking on a campaign to "leave the old girl at home," you'll do better.

CONFIDENTIAL reply to "Future Diaper Dealer": Ask your doctor.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.
